## OUR SERVICES

We provide a wide range of services to help you with your network needs.

### Schematics

Establishing a network diagram can help you understand the layout of your network, identify potential issues, and plan for future growth.

### Network Scalability

We handle a growing amount of work, and your network's ability to be enlarged to accommodate that growth is the key to staying competitive in the market.

### Troubleshoot & Repair

Sometimes infrastructure breaks down. We want to help you with our best technicians and even perform those last minute repairs.

**"REALLY EFFICIENT..."**  
Sometimes the simplest things are the hardest to find. We were able to fix and upgrade our network with Phoenix within a short 2 week cycle.

Andrew Adams, CEO Fiber Technologies

upgrade our network with Phoenix within a short 2 week cycle.

Andrew Adams, CEO Fiber Technologies

**"AMAZING SPEEDS..."**  
We were able to double our network and local hubs with the help of Phoenix's technicians. This in turn gave us the fastest network in town.

Sheila Burke, Comm. Director CNN

**"FUTURE PROOF..."**  
We are a growing startup who needed our building future proofed for 5G. Phoenix delivered a completely wireless schematic for our building renovation.

Robert C. Wells, CEO What's That Com.

**"FRIENDLY & QUICK..."**  
We have had a long relationship with Phoenix. From the time we came to Nashville, to when we needed to transfer our services to our second HQ.

Jane S. White, Comm. Director AT&T

## WANT THE APP?

Just download the app from the store. Simple, nice and user friendly application of the network. Only network and useful information.
